### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Claim 2. A nail box of a nail driver comprising:

a main casing; a lower side of the main casing including a first magnetic element;

a sub-casing pivotally installed to the main casing as so to form a casing; a lower side of the sub-casing being formed with an inclined resisting portion;

a receiving unit for receiving a plurality of nails; a lower side of the receiving unit including a second magnetic element; one lateral side of a lower portion of the receiving unit being formed with a push portion corresponding to the inclined resisting portion of the sub-casing;

wherein the receiving unit is installed below the main casing and received in the casing; the same polarity of the magnetic elements of the receiving unit and the main casing are oppositely arranged so as to generate an impulsive force which is used for separating the main casing and the receiving unit; the inclined resisting portion and the push portion serve to retain the receiving unit in the casing;

wherein a lower side of the receiving unit has an inclined portion for preventing the receiving unit from over-turning.

Art Unit: 3721

Claim 6, the phrase "as claimed in claim 2" has been changed to -- as claimed in claim 5--.
